CAREER OBJECTIVE

Motivated Computer Science student with practical experience in developing and debugging Android and web applications, including successfully resolving complex issues such as recovering a closed Google Play Developer account. Strong interest in Software Quality Assurance with foundational knowledge in manual testing, bug reporting, and application debugging. Seeking a Software QA Internship to apply technical skills in testing and contribute to delivering high-quality software.

SKILLS

Software QA Skills:
• Manual Testing (Basic)
• Functional Testing
• Regression Testing (Basic)
• Test Case Execution
• Bug Reporting & Documentation
• API Testing (Basic – Postman)

Technical Skills:
• Web Development: HTML, CSS, PHP, WordPress
• Programming: C, Java, Python, Dart
• Mobile Development: Android (Java, Kotlin), XML
• Google Play Console
• Google Search Console
• Google Admob
• Domain & Hosting: Domain purchase, hosting setup, domain-to-host connection, basic website deployment
• Frameworks: Bootstrap, Flutter
• Database: MySQL, Firebase, Supabase
• Tools: GitHub, MS Word, Excel, PowerPoint
• OS: Windows, macOS
• AI-Assisted Development: Experience building Android and web applications using AI tools for coding, debugging, and feature implementation (e.g., ChatGPT, GitHub Copilot)
• Computer Hardwire basic

PROJECTS

Bluetooth Call App (Android)
• Developed an Android application using Java
• Performed manual testing to verify calling functionality and UI responsiveness
• Identified and fixed bugs to improve performance and stability

Cinema Booking App (Android)
• Built a movie ticket booking system
• Conducted functional and usability testing
• Tested multiple user scenarios to ensure smooth user experience

Catch Coins Game (Android)
• Developed a simple Android game application
• Tested gameplay mechanics and responsiveness
• Fixed UI and performance-related issues

• Deployed in Play Store, currently removed

Voice Assistant (Python)
• Developed a basic virtual assistant using Python
• Tested voice recognition and command execution accuracy

Ticket Booking System (Kotlin)
• Created a booking system using Kotlin
• Performed testing for input validation and system functionality

Salon Booking System (Web App) – NapitChai.com - Find the Best Salons Near You
• Developed a web-based booking system using PHP, HTML, CSS, MySQL
• Deployed and configured domain and hosting setup
• Performed testing for input validation and system functionality

---

EXPERIENCE

Skills and Training Enhancement Project (STEP):
Android Developer | 2018
• Participated in a government training program
• Developed Android applications and performed testing during development
• Achieved recognition at institute and regional level

PeopleNTech:
Web Design & Developer Intern | 2019
• Developed and tested web applications using HTML, CSS, and PHP
• Performed cross-browser testing and fixed UI issues
• Collaborated with team members to debug and improve application performance

EDUCATION

BSc in Computer Science & Engineering (CSE) – Ongoing (8th Semester)
Northern University of Business and Technology Khulna (NUBTK)
CGPA: 3.30 / 4.00 (Overall)

Diploma in Computer Technology
Khulna Polytechnic Institute
CGPA: 2.93 / 4.00 | 2019

S.S.C (Science)
Khulna Bidyut Kendra Secondary School
GPA: 4.44 / 5.00 | 2015

CERTIFICATIONS

• Professional Web Development Specialist – (PeopleNTech)
• STEP Regional Certificate (TVET)
• STEP Institute Certificate (TVET)
• Startup Khulna Incubation – (BCC)
• Innovation & Change Management – Leadership Development Academy

LANGUAGES
• Bengali (Fluent)
• English (Fluent)

SOFT SKILLS
• Attention to detail
• Problem-solving
• Communication & teamwork
• Time management
• Microsoft Office Suite: MS Word, MS Excel, MS PowerPoint
• Fast typing speed (35 – 39 WPM)

INTERESTS
• Coding
• Learning new technologies
• Mobile application development
• UI/UX design
• Playing football / Watching football matches
• Chess
• Table tennis
